## Compton 1000

## Surround Options

With the Suites Series you get the look and feel of a custom fireplace design with plug-and-play simplicity. Customize your fireplace surround to fit in perfectly with the decor of your home.

Surround finishes available in White Stone and Black.

## Evoflame

European Home has developed the newest technology in electric fires to achieve a stunningly realistic flame effect while utilizing energy efficient LED lighting. With Evoflame there is no need for gas lines or even venting. European Home fireplaces are controlled by an app on your favorite device, offer optional heating for your home and add a clean and contemporary architectural element to any space.
